NUSTONE is the new porcelain stoneware collection inspired by the world of natural stones.

It stands out for the depth of its texture and the colors dedicated to the current trend of the world of architecture: light chalks, warm greys, dusty blacks.

Born to be integrated in contemporary contexts, as well as combined with traditional materials in restoration of the architecture of the past, the Nustone collection it's presented in several formats and enriched by a special finish that enhances its surface.

JOINT

por rectified material, we recommend a 2 mm grout at least when using one size only and a 3 mm grout for multisizes laying solution

ITALIAN TILES AND STONE

green 

english

The company is committed to the continued technological innovation of its processes to create products that increasingly meet the demands of the market and focus on:

- reduced energy consumption in production processes;
- reduced emissions into the air and water;
- improving consumer awareness and waste management.

To curb its environmental impact, we have taken the following steps:

- manufacturing rejects are fully managed and reused;
- all the production units are equipped with a closed-circuit water purification plant with total recovery of liquid discharges coming from the production cycle and no discharges into the environment;
- emissions of gases are authorised by the competent authority, pollutant abatement systems are fitted and undergo periodic checks to verify they comply with the current laws;
- industrial waste is disposed of in compliance with the community directives;
- packaging is sent off to be recycled and reused;
- the acoustic impact on the environment is toned down via the use of suitable technologies.

The ceramic tiles produced are:

- a long-lasting product
- recyclable at the end of their use
