Wall: Amour Virtuoso Carrara, Line Carrara & Lumina Cromo Pink Gold Listello - **Floor:** Amour Virtuoso Carrara

MATERIAL IS THE KEY, WITH ITS BEAUTIFUL DETAILS

pink gold listel and floor and wall coverings, mosaico on the wall and macromosaico in the shower.
different sizes in the same material create a smooth, supremely elegant overall look.

ELEGANCE IS AN ATTITUDE

Wall: Amour Virtuoso Carrara & Nero Reale - **Floor:** Amour Virtuoso Carrara

THE VERY MUST-HAVE FOR A STORE

Amour Virtuoso, a material with all the allure of marble, teamed with the resistance of porcelain stoneware.

Wall: Amour Virtuoso Carrara, Nero Reale & Acanto Carrara - **Floor:** Amour Virtuoso Nero Reale & Nero Reale Round Mosaico

Black and white, Carrara and Nero Reale. A classic yet invariably contemporary combination. Original, sophisticated mosaico Round in the shower area, for perfect color continuity with the floor.

The sophisticated wood paneling, created with a simple two-tone effect, gains a splendid personal touch thanks to the three-dimensional Acanto decoration.

Wall: Amour Virtuoso Nero Reale, Beige Duna, Caleido Inserto & Nero Reale Micromosaico - **Floor:** Amour Virtuoso Beige Duna & Beige Duna Micromosaico

TILES DESIGN

Simple, expressive, subtle style. The beautifully brilliant rays of the Caleido decoration bring a uniquely personal touch to the setting.

Floor: Amour Virtuoso Beige Duna

BEIGE DUNA, A WARM, CONTEMPORARY
AT-MOSPHERE REplete WITH TIMELESS
CHARM

Wall: Amour Virtuoso Beige Duna, Line Begie Duna & Mosaico Schegge Beige Duna - **Floor:** Amour Virtuoso Beige Duna

Beige Duna, a marble with a confidently sophisticated, warm allure. The large 50x110 cm slabs bring pure elegance to the walls, while the Line texture embellishes the niche.

DETAILS

Volumes given perfect definition thanks to the edges, corners and awe-inspiring fragments of material that decorate the shower. It's the details that shape the style.

Wall: Amour Virtuoso Beige Duna & Acanto Beige Duna Inserto

Acanto, a splendid three-dimensional decoration that brings graceful swirls of pure elegance to the surface.

Advice on laying, grouting and maintenance

White body

IMPORTANT NOTE: TILES SHOULD BE LAID AND GROUTED ONLY BY PROFESSIONAL TILE LAYERS.

Tiling

Follow the simple rules below to guarantee perfect tiling results:

- 1) Check the walls that are going to be tiled are flat;
- 2) Mix the tiles during tiling by taking them from several boxes
- 3) Handle the tiles with care before and during tiling.
- 4) For installing its wall tiles, Fap ceramiche recommends the use of class C2 adhesives, in compliance with the European standard EN 12004. Specifically recommended is a white glue for non-slip ceramic covering materials. For top-class results, add an elasticator, taking care to follow the manufacturer's instructions to the letter, and apply an even layer of glue on the underside of the tile. The thickness of the glue can be adjusted using the toothed side of the trowel.

IMPORTANT:

Fap's rectified wall tiles are designed and manufactured so that joint free (seamless) tiling is possible. This gives the best final appearance (seamless walls) and performance (the tiles do not collect dirt because there are no gaps).

Grouting

Use matching grouts.

Cleaning

Use cleaning tools that are perfectly clean themselves. Always rinse off surfaces. Use clean water alone if the surface is washed frequently.

Porcelain stoneware

IMPORTANT NOTE: TILES SHOULD BE LAID AND GROUTED ONLY BY PROFESSIONAL TILE LAYERS.

Tiling

Follow the simple rules below to guarantee perfect tiling results:

- 1) Check the floor slab is flat where the tiles are to be fitted;
- 2) Mix the tiles during tiling by taking them from several boxes
- 3) Handle the tiles with care before and during tiling.

IMPORTANT:

Fap rectified floor tiles must be laid with a 2-3 mm gap between them. For the laying outdoors we recommend a gap of 3 mm. For floors with a lengthwise tiling layout, maximum 1/3 offset between panels. The hexagons will have to be laid with a 3 to 5 mm gap between tiles.

Grouting

Use matching grouts.

Cleaning

When cement-based grouts are used, the tiler should follow the instructions for cleaning. Follow the manufacturer's instructions if epoxy grouts are used.

Cleaning to be performed by the tile layer:

- 1 Initial cleaning:** about 10-20 minutes after grouting, grout will lose its plasticity and become opaque: any excess sealant should then be removed using a clean, damp sponge. The tiles must then be wiped clean using a dry cloth or felt.
- 2 Final cleaning:** after 36/48 hours both the tiles and the joints will have dried completely: the surface must then be washed using a buffered acid solution. The tiles must then be rinsed using plenty of clean water, which must then be removed using a liquid vacuum.

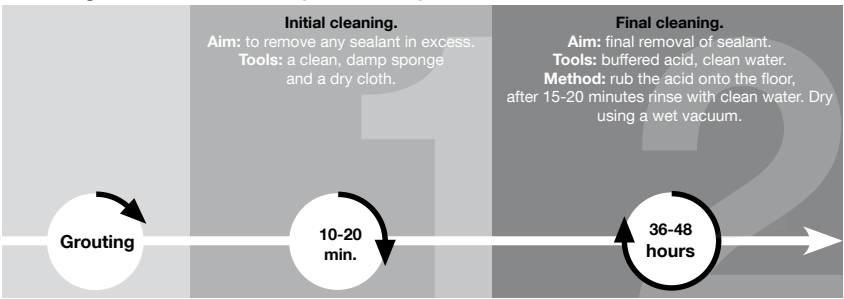

EXTREMELY IMPORTANT: it is essential that the tile layer cleans the tiles exactly as prescribed so that the flooring will subsequently be easy to clean. The care taken with both the initial and final cleaning processes (in particular the complete removal of grout residuals) will affect the subsequent ease of maintenance of the flooring. The best manufacturers of joint-grouts and adhesives recommend this procedure for all flooring in porcelain stoneware. If these recommendations are not observed or if water is used which is not perfectly clean, it could lead to the formation of a hardly perceivable film of grout or building site dust which is extremely absorbent and captures any dust in the atmosphere and can make the floor look eternally dirty. In this case Fap ceramiche declines any responsibility.

Ordinary cleaning:

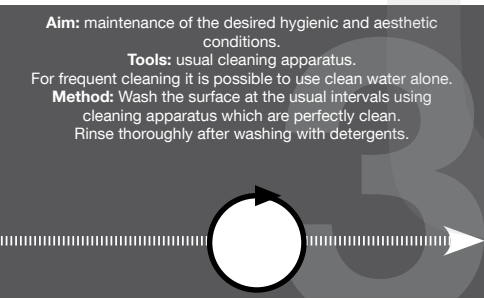

- 3 Frequency:** as usual.
- Recommendations:**

a) always use cleaning tools which are perfectly clean; b) always rinse the floor; c) do not walk on the floor when wet; d) clean water without detergent may be used for frequent washing or specific detergents to remove dirt of stains that are not waxen or filmy. We advise not to use detergents with the indication "it is not necessary to rinse after use".

Cleaning to be carried out by the tile layer.

Ordinary cleaning to be carried out by the user.
