# ARTE

## ARTE

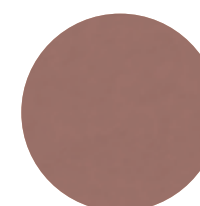

The experience gained with Wide&Style “wallpapers” has enabled to develop a revolutionary wall covering collection that combines the aesthetic appeal of a palette of ten colours with decorative patterns that extend over the wall like fabrics or wallpaper.

The 60x120 cm size, that is nonetheless easy to handle even in the smallest of spaces, integrates perfectly with porcelain tile range.

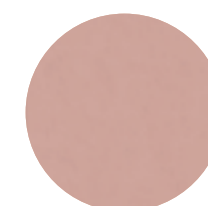

# Solid Colours

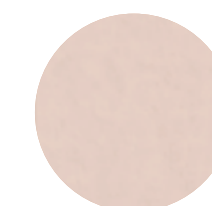

Colour is a key element in the design of any interior because it can influence our mood and convey precise sensations and messages. Working in close cooperation with trend forecasters, the style department has developed a range of ten solid colours capable of meeting all design needs and catering for key colour trends.

Paprika

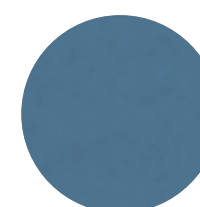

Phard

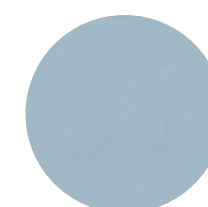

Powder

Ginger

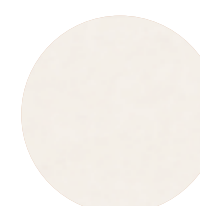

Whale

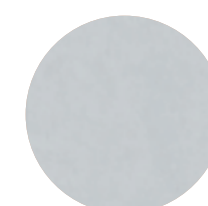

Sky

Mint

Snow

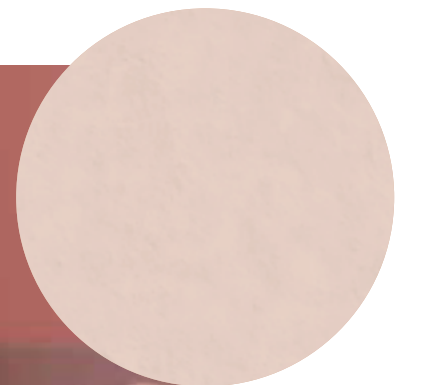

Cloud

Alabaster

# Warm Colours

According to colour psychology, warm tones convey sensations of vitality, energy and dynamism, largely positive emotions that suggest action and movement.

# Cold Colours

Cold colours are associated with sensations of tranquillity, calm, meditation and freshness. In some cases they may even lower the perceived temperature of a room.

# Neutral Colours

Neutral colours are calm, sober, composed and elegant. They convey sensations of cleanliness, purity, simplicity, and a strong sense of practicality.

# Decorative Mood

A decorated wall can transform an interior into a lush garden that calms the body and mind. Leaves, flowers and tropical atmospheres serve as inspiration for a range of botanically themed decorative surfaces that fit in perfectly with the latest trends in fashion and design. The exotic atmospheres of the Arte patterns evoke the allure of faraway places, allowing one to reconnect with nature without leaving the home.

"DECORATIVE MOOD" PORCELAIN SLABS ARE SUITABLE FOR FLOOR USE IN RESIDENTIAL AREAS.

ALUMINIUM STRIPS

IMPORTANT INFORMATION FOR INSTALLATION AND CLEANING.

Item made of certified pure aluminium and decorated by hand with acrylic resins or in galvanic bath.  
Slight differences in colour and/or finish are typical of handmade products.  
INSTALLATION: use polyurethane or epoxy glues. During installation, where possible avoid all contact between the glue and the surface of the aluminium strip. If necessary, immediately clean off any excess glue from the visible surface using water and a soft sponge.  
Take great care during grouting and clean immediately using water and a soft sponge.  
CLEANING: we recommend using a soft cloth with water and neutral soap, alcohol or neutral household cleaners (do not use acidic or alkaline products).  
NOTE: do not under any circumstances (installation, grouting or cleaning) use abrasive, acidic or alkaline products, acetone, solvents or thinners.  
Do not apply adhesive tape or similar products to the decorated surface.
