Loire

A trip around the castles of the Loire Valley is a beautiful, magical experience. One stone more than any other has shaped these centuries of history, with blocks quarried from the cliffs since ancient times: Loire. An ideal subject to be replicated in Coem porcelain stoneware, combining performance with the unique appeal of this stone, able to reflect the history of the environments where it's used.

Choosing the right ceramic is the best solution for guaranteeing safe and long-lasting hygiene for your home. Hypoallergenic and safe, it's an impermeable surface that doesn't release harmful substances, is highly resistant, fireproof and non-deformable. The ceramic material is one of the healthiest materials in existence. It has no smell and is easily cleaned; its surface is unalterable, and it stays good as new, also with the passing of time.

Terra 60,4x90,6 - 24"x36" Naturale Rettificato

Rediscovering the natural harmony between Man and the environment is our primary objective. Nature is an inexhaustible source of inspiration for us, and our research offers fascinating solutions for the outdoor life. Coem stones, rich in technology, beauty and expressive appeal, restore all the emotion, splendour and power of natural stones, along with the versatility of porcelain stoneware.
