A NEW SENSE OF BEAUTY

A NEW SENSE OF BEAUTY.

Marble provides the inspiration for this series, with its distinctive, elegant veining effects. This collection is a tribute to architecture and perspective, enhanced by a magnificently timeless, enchanting material.

In collaboration with the talent of Neropaco, Fioranese rethinks marble as an element to be broken up, fragmented and pieced back together, in an interplay of lines and shapes and novel, original colour combinations that bring a fresh slant to walls and settings, as well as a specific style approach.

In addition to the classic white, black, beige and pink, Fioranese offers a deep green, for a confident, striking look. Distinctive, linear and striking, the setting made for this collection features both minimal and more classical furnishings, with a modern, clean-cut interpretation in the lines that deliberately combine styles to create living spaces with a strong personality, in which nothing is frivolous or superfluous.

The modern nature of the collection is reflected in the combinations of colours and shapes designed by Neropaco for Fioranese. Cuts, diagonal lines and curves mix to create a variety of decor elements that bring added value to the whole collection, bringing a brand-new, never banal design slant to the setting.
